

PRESS RELEASE

Style Counsel into the Millennium

Quality, price and the ability to handle high volume installations of furniture packages were key factors in Prestige Groups choice of Style Counsel Interiors to furnish 60 properties at the groundbreaking Millennium Point waterside development in Greater Manchester. Speed of furniture installation enabled property investors to avoid rental voids and create an eye-catching appeal for viewing tenants amongst an audience of high level corporate residents.

Millennium Point is a stunning development of 1 and 2 bedroom apartments and 2 and 3 bedroom duplexes at the spectacular and historic Salford Quays waterfront location, Erie Basin. The highly desirable development is surrounded by some of Manchester's best entertainment, leisure and cultural facilities, and is just fifteen minutes from Central Manchester on the metro link, attracting high level corporate tenants.

Furniture installations began within two working days of the first completion date and are continuing in line with demand from investors. “We’ve worked with Style Counsel Interiors on a number of developments in the past and have always been delighted with the quality of their furniture packages together with their high level of attention to detail on installation” comments Amanda Monaghan from the Prestige Group in Dublin. “It’s important to us to know that there is someone we can trust on site, and to have the confidence that our investors will be pleased with their finished property. Our purchasers at Millennium Point are delighted with the service and standard supplied by Style Counsel Interiors. As a result we have already commissioned them to work on new developments in the North West with us throughout 2008”

Millennium Point is just one of a growing number of prestigious developments that Style Counsel Interiors has furnished in recent years. The ability to provide high quality furniture with lead times that are viable to investors has helped to secure contracts in developments such as SportsCity Manchester, French Quarter Southampton and Effra Parade in central London. Operating throughout the UK and specialising in the supply of this innovative furnishing concept their exceptional level of customer service is an invaluable asset to property investors nationwide.
